### AREAS OF EXPERTISE

Personal Injury, Fraud, Clinical Negligence, Insurance, Credit Hire, International & Travel, Professional Negligence, Industrial Disease, Product Liability, Costs

Farhana accepts instructions in most areas of Chambers' work, with a particular interest in personal injury, fraud and costs. She has a varied practice representing both Claimants and Defendants across many of 12KBW's areas of expertise.

Farhana has a growing reputation as a fraud specialist and is often instructed to advise insurers on high value claims involving exaggerated injury and loss to staged accidents.

Her unparalleled knowledge of fundamental dishonesty law makes her a go-to junior in this area. She is regularly instructed at early stages of litigation to shape the case and lead it to a successful resolution.

Farhana's expertise in dishonesty cases overlaps with her interest in costs law. Her knowledge in this area allows her to robustly pursue a finding of fundamental dishonesty at trial and seamlessly transition to costs law by disapplying QOCS, obtaining a costs order against the Claimant, and assessing those costs in a Detailed Assessment.

Farhana regularly delivers talks on both fraud and costs.

### Professional Negligence

---

Farhana has advised on professional negligence claims and she is interested in the overlap between such claims and other areas of law.

Farhana is well-versed with questions concerning the existence and scope of duties of care and issues of causation.

Farhana is eager to expand her practice in this field.
