AREAS OF EXPERTISE

Personal Injury, Fraud, Clinical Negligence, Insurance, Credit Hire, International & Travel, Professional Negligence, Industrial Disease, Product Liability, Costs

Farhana accepts instructions in most areas of Chambers' work, with a particular interest in personal injury, fraud and costs. She has a varied practice representing both Claimants and Defendants across many of 12KBW's areas of expertise.

Farhana has a growing reputation as a fraud specialist and is often instructed to advise insurers on high value claims involving exaggerated injury and loss to staged accidents.

Her unparalleled knowledge of fundamental dishonesty law makes her a go-to junior in this area. She is regularly instructed at early stages of litigation to shape the case and lead it to a successful resolution.

Farhana's expertise in dishonesty cases overlaps with her interest in costs law. Her knowledge in this area allows her to robustly pursue a finding of fundamental dishonesty at trial and seamlessly transition to costs law by disapplying QOCS, obtaining a costs order against the Claimant, and assessing those costs in a Detailed Assessment.

Farhana regularly delivers talks on both fraud and costs.

International & Travel

Farhana is experienced in advising in International and Travel law cases and frequently deals with defending claims arising out of accidents abroad, including those brought under the Package and Travel Regulations. Farhana is keen to expand this area of practice.
