Isaac has a specialist clinical negligence, personal injury and insurance practice. Isaac is generally instructed in cases involving life-changing spinal and brain injuries, chronic pain, amputations and fatalities. He is ranked as a leading junior in personal injury and clinical negligence in both the Legal 500 and Chambers and Partners 2025. Isaac is Joint Head of our Clinical Negligence Team.

In addition to his injury practice, Isaac has an established reputation as an insurance specialist and is often instructed to advise insurers and the MIB on technical coverage and indemnity issues.

Isaac is an experienced advocate with an excellent track record at trials, joint settlement meetings and mediations. He is often instructed as a junior in high value claims, and also has extensive experience as sole counsel.

In addition to his civil practice, Isaac is often instructed to provide representation at inquests, particularly those arising from deaths in hospitals and road traffic accidents.

Insurance

Indemnity and coverage disputes form a core part of Isaac's practice. He frequently advises insurers and/or the MIB on policy and coverage disputes, particularly in the context of road traffic accidents. He is often instructed to draft defences or to advise in cases where indemnity disputes arise between insurers and their policyholders. He is also frequently instructed to advise insurers on their status as against other insurers.

He is recognised as a leading junior in the field. He is described in Chambers and Partners 2025 as having "exceptional knowledge of indemnity issues", whose expertise in this area is "highly rated".

He has recently advised in cases involving the following issues:

- All aspects of the Uninsured Drivers' Agreement 2015, including failures by claimants to pursue other sources of recovery, and clause 8 defences;
- Cases where proceedings have not been properly served on a tortfeasor and where the insurer or MIB has only a contingent liability under section 151, Article 75, or the UDA;
- *Shogun Finance v Hudson* arguments;
- Whether various types of use fell within the terms of a policy, including:
 - use of a vehicle as a weapon;
 - racing;
 - fast food delivery;

- deliberate acts;
- Whether the correct insurer to conduct a defence was an EL or motor insurer, and how to resolve the issues between those insurers;
- Whether an uninsured defendant who conducted her own defence and satisfied her own judgment could be liable to the MIB in costs.

He frequently delivers training on insurance indemnity and cases involving the Motor Insurers' Bureau ('the MIB').

He also acts for claimants in cases against the MIB.
