AREAS OF EXPERTISE

Clinical Negligence, Personal Injury, Insurance, Fraud, Inquests

Isaac has a specialist clinical negligence, personal injury and insurance practice. Isaac is generally instructed in cases involving life-changing spinal and brain injuries, chronic pain, amputations and fatalities. He is ranked as a leading junior in personal injury and clinical negligence in both the Legal 500 and Chambers and Partners 2025. Isaac is Joint Head of our Clinical Negligence Team.

In addition to his injury practice, Isaac has an established reputation as an insurance specialist and is often instructed to advise insurers and the MIB on technical coverage and indemnity issues.

Isaac is an experienced advocate with an excellent track record at trials, joint settlement meetings and mediations. He is often instructed as a junior in high value claims, and also has extensive experience as sole counsel.

In addition to his civil practice, Isaac is often instructed to provide representation at inquests, particularly those arising from deaths in hospitals and road traffic accidents.

Fraud

A significant proportion of Isaac's personal injury practice involves cases containing allegations of fraud including fraudulent exaggeration, LVI, and induced accidents.

Isaac is regularly instructed to advise in writing and in conference on behalf of defendants in cases where fraud is suspected.

He is familiar with the application of section 57 of the CJCA 2015, and has frequently had QOCS disapplied on the basis of findings of fundamental dishonesty.

Isaac is frequently instructed in chronic pain, functional neurological disorder (FND) and mild traumatic brain injury cases where exaggeration is an issue.

Isaac has a reputation for clear and robust pleading.

A large number of claims Isaac has been involved with in this area have been discontinued or settled for very low sums early in the litigation.
