

## Thea Wilson

Call: 2008  
wilson@12kbw.co.uk

### AREAS OF EXPERTISE

Clinical Negligence, Personal Injury, Inquests, Fraud, Costs  
& Litigation Funding, Industrial Disease, Credit Hire

Thea specialises in Clinical Negligence, complex Personal Injury claims, and Inquests.

Thea has a wealth of experience in handling cases involving delayed diagnosis, birth and pregnancy-related injuries, spinal injuries, brain damage, psychiatric injury, chronic pain and fatal accidents. Thea is particularly adept at handling complex quantum calculations.

Thea's role as Assistant Coroner for Essex gives her insight and expertise in the inquest process. She regularly acts for interested parties at inquests, in particular in claims involving clinical negligence, road traffic accidents, and deaths in custody and is happy to advise on all aspects of the coronial process.

Thea's expert knowledge of the CPR stands her in good stead in acting for and advising solicitors on procedural matters in relation to applications and appeals, and in respect of costs. She is sought after in cases with a potential fraud element and has a wide range of experience dealing with insurance coverage issues.

Thea is regularly instructed by trade union organisations, local authorities, insurers, the NHS, and the MIB.

With an eye for detail and a sympathetic manner, Thea is experienced in dealing with vulnerable claimants. Thea has represented victims of sexual and physical abuse both in civil claims and before the Criminal Injuries Compensation Authority Tribunal.

Thea is happy to accept cases on a CFA basis and is willing to consider Pro Bono instruction where appropriate.

### Clinical Negligence

---

Thea acts for claimants and defendants in clinical negligence cases arising from a variety of procedures or incidents, in particular:

- Injuries to both mother and baby during pregnancy, labour, and birth
- Delayed or misdiagnosis claims
- Eye injuries and diseases
- Gastrointestinal illnesses and surgery
- Negligence involving joint replacement surgery and aftercare
- Sepsis
- Plastic surgery claims
- Dental negligence
- Failure to obtain informed consent

Thea splits her practice approximately 50/50 between claimant and defendant work, and has acted for NHS Resolution, the MDU, and the Association of Optometrists.

Thea has considerable experience in advising on liability, quantum and causation; drafting pleadings; drafting agendas

for expert meetings; drafting Part 18 and Part 35 questions; holding conferences with experts; and representing clients at JSMs, mediations, and in representing parties at all levels of Court hearings.

Recent examples of Thea's cases include:

- M v An NHS Trust – Advising a claimant who suffered hypoxic brain injury following a premature birth outside hospital.
- H v Dr K – led by William Audland KC, pleaded and advised in a Cauda Equina case.
- T-G (Dec'd) v An NHS Trust – Advising and pleading particulars in a claim for delayed diagnosis of terminal breast cancer. Despite hotly contested arguments on causation and unsupportive medical evidence, settled for a five-figure sum.
- S v Dr W & An NHS Trust – Advising in conference and on paper on liability and quantum, pleading the defence, and representing the defendant at CCMC in a claim involving delayed diagnosis of retinal detachment.
- K v TR Ltd & An NHS Trust – led by Harry Steinberg KC, representing the claimant in a claim for delayed diagnosis of a vascular injury following a tripping accident. Delayed diagnosis and failure to treat resulted in a serious knee injury becoming an above knee amputation. Settled at JSM in 2019 for a seven-figure sum.
- MP v An NHS Trust – led by William Audland KC, representing the defendant in a claim involving serious brain injury during the post-operative period with allegations of surgical negligence, mishandling ITU care and failures of nursing care. Liability and causation in dispute. Settled at JSM shortly before trial.

## Personal Injury

---

Thea advises on all areas of serious personal injury from employers' liability to public liability to road traffic cases, and has extensive experience representing clients at trial, JSM and mediation.

Thea handles all levels of injury with particular expertise in:

- Serious and catastrophic spinal and limb injuries including amputation and Cauda Equina Syndrome.
- Complex psychiatric and psychological injuries including cases of pre-existing vulnerability and Secondary Victim cases
- Chronic pain including CRPS and fibromyalgia.
- Serious Scarring
- Brain injury (including subtle brain injury)
- Fatal accidents

Insurers seek out Thea's advice and representation in cases involving fraud, including cases of malingering/exaggeration, phantom passengers and low velocity impacts. Thea is also experienced in dealing with questions of complex policy and coverage issues: drafting applications, advising on issues, preparing applications under the uninsured and untraced drivers' agreements, and representing clients on a variety of issues including insurer status and *Nemeti* applications.

Thea is experienced in handling claims involving sensitive issues and vulnerable applicants. She has successfully represented adults and children who have been victims of physical and sexual abuse in both personal injury claims and the CICA.

Thea represents claimants and defendants in a number of claims involving attacks on teachers and mental health nurses.

Examples of Thea's cases include:

- Lamb v Essex Partnership NHS Trust – successfully defended the claim of a nurse alleging breach of manual handling regulations in respect of how she was expected to dress a patient's wounds. Demonstrated that the movements required were not dangerous and that any other method would have significantly increased risk for

both patient and nurse.

- GH v An NHS Trust – instructed by the defendant in a stress at work claim involving complex issues of causation in relation to a brain injury. Negotiated a settlement on favourable terms.
- K v TR Ltd & An NHS Trust – led by Harry Steinberg KC representing the claimant in a tripping claim which caused a severe knee injury and eventually resulted in above knee amputation. Complex issues of causation and arguments of a break in the chain of causation by the negligence of the NHS Trust dealing with the case. Settled at JSM in 2019 for a seven-figure sum.
- A v A Academy – representing a teacher who suffered physical and psychiatric injuries following an assault by a pupil at a special needs school.
- G v Zurich Insurance & Allianz Insurance – successfully defended a *Nemeti* application to add the tortfeasor as a party outside of limitation.
- S v C – instructed by the claimant following an RTA which led to serious spinal injuries and significant scarring with an element of chronic pain. Settled at the end of 2020 for a substantial sum.
- L v Zurich Insurance – successfully defended a road traffic accident claim involving low velocity impact and exaggerated injuries. C was found to have failed to prove any injury.

## Inquests

---

Thea has considerable experience in inquests and pre-inquest hearings. As an Assistant Coroner, she has an insight into all stages of the coronial process.

Thea regularly acts for IPs at inquest and PIRH, in particular in claims involving clinical negligence, road traffic accidents, deaths in care, and deaths in custody. She is experienced in handling Article 2 inquests, jury inquests, and inquests involving allegations of neglect.

Thea acts on behalf of families and for other properly interested persons including the NHS, care homes and local authorities. Thea is happy to advise on issues of evidence and procedure and is experienced in drafting written submissions.

In most of Thea's inquest cases she is instructed to then bring or defend a civil action.

Cases include:

- Inquest concerning the death of Lance Scott Walker – representing a local authority following the murder of a teenager by another teenager in their care.
- Inquest concerning the death of Stephen Dymond – representing a family of a victim of the infected blood scandal, Thea secured a conclusion that the death was caused by exposure to contaminated blood products.
- Representing a security firm following a death in custody.
- Representing the family of a man who died of an infection caused by pressure sores.
- Representing a hospital following a maternal death from sepsis.
- Representing the family of a baby who had died during brain surgery.

## Fraud

---

Thea is sought out by insurers to represent them in cases of suspected fraud claims, including 'low velocity impact' and 'induced/staged accidents'. Thea is happy to review the party and evidence in conference, advise, plead allegations of fraud and fundamental dishonesty, and to represent parties at Court. She has extensive experience cross-examining claimants to draw out evidence of fundamental dishonesty.

Thea also acts for claimants and defendants in cases where malingering or exaggerated injuries are suspected and is happy to advise on paper or in conference where these issues have arisen.

Thea has appeared in many cases involving ancillary costs issues (including wasted costs orders against non-parties and arguments to disapply QOCS).

## **Costs & Litigation Funding**

---

Thea regularly represents both Claimants and Defendants at CCMCs before District Judges, Circuit Judges and High Court Masters, achieving significant reductions in other party's budgets. Her two years of experience before being called to the Bar as a Personal Injury and Clinical Negligence Paralegal has been extremely helpful in this regard.

Thea is happy to assist at the early stages of formulating budgets, in collaboration with the Solicitor.

Thea is also experienced in handling costs disputes, regularly appearing for both parties at summary and detailed assessment and applications for wasted costs, and will advise on prospects of success of costs arguments.

## **Industrial Disease**

---

Thea is experienced in dealing with cases involving Noise Induced Hearing Loss, and has represented both claimants and defendants in this area, handling both traditional occupational hearing loss claims and military noise induced hearing loss claims.

Thea also has experience in asbestos litigation, vibration white finger and chemically induced respiratory disease claims.

Thea is adept at analysing evidence to identify strengths and weaknesses and in addressing limitation issues in respect of such claims.

## **Credit Hire**

---

After acting for defendants in credit hire claims for over a decade, Thea is well-versed in all credit hire arguments. She has extensive experience in handling high value credit hire cases and dealing in with all issues arising from such claims including enforceability, impecuniosity, rate, need, period, intervention, and added extras.

Additionally, Thea regularly drafts pleadings and advises on cases involving credit hire, recovery & storage and credit repair.

## **Cases**

---

*S v L Hospital* – Acting for a claimant in clinical negligence claim arising out of stillbirth.

*C v A Ltd* – Defending a claim for clinical negligence, breach of contract and defamation arising out of a medical report on a person seeking disability benefit.

*AG v MH Limited* – Drafting a counter schedule in a case pleaded at over £1.1 million. Case settled at JSM shortly afterwards for £300,000.

*V v S BC* – Representing a teacher injured in a tripping accident due to a defective staircase. Settlement secured.

*B v R* – Successfully defending an elderly woman against an allegation that falling down an escalator was negligent.

*Re: W* – Successfully appealing a finding by the CICA that a secondary victim was not present during the immediate aftermath of a serious domestic assault on a family member

*Re: Z & M* – Successfully appealing the denial of a CICA award arising out of domestic abuse and sexual abuse, demonstrating the appellants were victims of a crime of violence.

*Re: DT Deceased* – Representing a care in the community service facing allegations of neglect at an inquest following the death of a patient. Death found to be due to natural causes.

*Re: OJ Deceased* – Representing the family at an inquest involving the death of a baby during brain surgery.

*A v H* – Successfully defending and demonstrating fraud in an Low Velocity Impact claim arising out of a bus accident.

*H & Others v P & B Ltd* – Defending an insurance company in a fraud case involving three Claimants, successfully proving that the Defendant driver was out of the country at the time of the alleged accident.

*S v HTB* – Successfully defending a claim of Noise Induced Hearing Loss brought by a former employee following a single incident of noise from a machine's alarm.
