**NOTES:**

1. These notes are for guidance and should not form part of the order.

2. This Form is designed for use in personal injury and clinical negligence cases in which the Claimant is a child or a protected party. It is designed for application made at any stage of proceedings,
3. Draft orders should be submitted using proposed three letter cyphers, not TBC. The cyphers should not be the same letter, nor consecutive letters: so avoid, e.g. XXX, WWW, ABC, PQR, etc.
4. This order should be adapted as appropriate to the particular circumstances of the case. Where the order contains square brackets, the appropriate option should be chosen or the appropriate detail inserted where relevant. For example, in paragraph 3 (a), the appropriate detail of school or workplace should be chosen if relevant and deleted if not, and if there is some specific unusual feature of the case which the claimant considers should be included, that feature should be clearly identified.
5. The order as drafted is a prospective order, it does not apply to reports and communications which have already been published. If, exceptionally, there is a need to make a reporting restriction order which is retrospective, specific provision will have to be made instead of the provision at paragraph 4. It must identify the specific reports or communications to which it relates and any such order should be based on the following draft:

“The following reports/communications to the public made prior to the date of this order must, by [date] either be made so that they can no longer be accessed by the public on the internet/other relevant place or amended to comply with the reporting restrictions imposed by this order.”
6. The parties are not required to amend or redact any documents other than the statements of case. For example, it is not necessary for medical records to be redacted so as to remove the name and address of the claimant unless a further order is made.
7. The order does not prohibit the following:
  - (i) Communication using the Claimant’s name between the parties’ appointed representatives and advisers, such as nay solicitor, Litigation Friend, attorney, trustee or deputy, or any witnesses or instructed experts.
  - (ii) Communications between the Court Funds Office and the parties in relation to the payment of money into the Court Funds Office for the benefit of the anonymised party or the investment or treatment of payment out of such money.

- (iii) Communications between the Court Funds Office, the anonymised party, and any financial institution concerned as to the receipt or investment of such money.
- (iv) Records kept by the Court or the Court Funds Office, the anonymised party, and any financial institution concerned as to the receipt or investment of the Claimant's money.
- (v) Retention by all parties to the claim, their representatives, and their advisers of their unredacted files for the purposes of their continuing functions and obligations in relation to the proceedings.
- (vi) Communications between the Defendant(s), their insurers, or their successors in title and their legal and professional advisers, reinsurers, HM Revenue and Customs (or its successor), the Compensation Recovery Unit or any other person required by law.
- (vii) Communications between the anonymised party's representatives and advisers in managing that party's affairs.
- (viii) Communications for the purpose of obtaining medical care, advice or treatment for the anonymised party.
- (ix) Communications by or on behalf of a paying party for the purposes of ascertaining whether the anonymised party is alive, so entitled to continuing periodical payments.
